Dubai has records for the tallest skyscraper and largest shopping mall. Now it has the world's deepest dive pool. Deep Dive Dubai is 60 metres deep and contains 14 million litres of water. It is so warm that divers do not need thick wetsuits. It is in an oyster-shaped complex. It has a restaurant and a film studio.

Dubai's Crown Prince was one of the first guests. A website says the pool is a "stunning" attraction "filled with adventure and wonder". It looks like an abandoned underwater city. The pool has high-tech sound and lighting to create different underwater moods. The pool's staff are all expert international diving professionals.
