

Mom: You smell like **cigarette smoke**!

Jack: I know. I went to the **Internet café** after school. Many people were smoking there.

Mom: Aren't you **concerned about second-hand smoke**? Thousands of people get **lung cancer** from second-hand smoke every year!

Jack: I guess the internet café is a bad **environment**, but I was bored and I wanted to play computer games.

Mom: I understand, but try not to make a **habit** of going there or I'll **nag** you about it.

Jack: Is that a **warning**?

Mom: Yes!

- ❖ What other places have a bad environment?
- ❖ What do your parents nag you about?
- ❖ What are some bad habits?
- ❖ Where can you see warnings?

Make a sentence: Thousands of people _____ every year (day / minute / etc.)

"Second-hand" also means "used." You can buy many second-hand **products**, like books and cars. What other second-hand **products** can you buy? Think of four products that you can buy "second-hand."

Second-hand _____

Second-hand _____

Second-hand _____

Second-hand _____

Write past tense sentences to answer each of the following questions.

1. **What time did** you get up this morning?

2. **What did** you eat for dinner last night?

3. **When did** you go to sleep last night?

4. **How many** hours **did** you watch TV last week?

5. **Where did** you grow up?

6. **Who did** you talk to today?

Now write your own past tense questions, and write the answers.

What _____?

When _____?

Where _____?
