## Reading

### LUCK

*Does it land in your lap?*

1. Lucky people are often in the right place at the right time. This is the **excuse** they give. Everyone wants to know their true secret to success. You know someone like this, don't you? He wins money in **slot machines**. Free holidays **land in her lap**. When Miss Perfect meets Mr. Right at the bus stop, you can't help but wish you had her luck.
2. Is it possible that some people **attract** good fortune? This theory is called the law of attraction. According to the law of attraction, good things happen to positive people. The trick is to **visualize** dreams coming true before they **materialize**.
3. The law of attraction theory works in the opposite way too. In other words, bad luck follows negative people like a **shadow**. For example, negative people remind themselves they are not going to win as they enter a **draw**.
4. People play the lottery despite the **odds** of winning. Are your chances of winning higher if you visualize yourself as a millionaire? Perhaps all you need is a **lucky charm** in your pocket.
